SAFEGUARD

DESIGN & PROTECT

Staying protected during these challenging times is our top priority.

Our T3Safeguard T3Affinity range has many design upgrades available to customize your products. From Tablet holders to lighting and adhoc shelving we have some excellent design additions to include.

BRACKETS & PANEL HOLDERS

Add extra safety measures and storage with brackets and holders that can be used to create guards and shelving.

TABLET HOLDERS

Fully accessorize units to inform and protect.

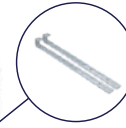

LIGHTING

Illuminate your stand with our LED spotlights. Fitted with purpose built mounting clips.

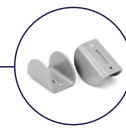

HOLDERS AND MOUNTS

Boost client interaction with multimedia displays. Add tablet and TV monitors to your display with interchangeable holders.

SADDLE BRACKET

Various configurations of bracket mounts can be used with various materials.

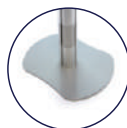

CUSTOM TUBES

All our profiles can be cut to custom lengths providing design freedom and versatility. Longer profile lengths can be subdivided to retain modularity.

SUPPORTS AND FEET

T3 Affinity has multiple sizes and variations of feet and supports. These include base plates, adjustable feet; braked and unbraked wheels.

HYGIENE SCREENS

Mobile wash down screens are ideal for reception and information desks in public and private venues. Custom made to meet your specific design and aesthetic requirements; they effortlessly blend into surrounding environments, providing protection for staff and customers.

KEY FEATURE

Create functional T3 Safeguard units that are either temporary of permanent fixtures for safety.

HYGIENE SCREENS

KEY FEATURE

Customize T3 Safeguard screens to best fit your situation. With our 0.5mm tolerance we can virtually fit any scenario.

WALL DIVIDERS

People are more likely to visit your shop or restaurant if you have taken the right precautions to keep them safe. Custom wall dividers are available with a branded base panel and acrylic tops. Movable walls are also available to adapt to changing environments such as hotels, offices and many more locations.

KEY FEATURE

Walls can be created with various feet options and returns to create sturdy movable foundations.

WALL DIVIDERS

GET IN TOUCH

Add extra safety panels using our ad hoc panel holders (AYA 4006)

KEY FEATURE

Customize your guards for extra protection with our multiple brackets options or permanent fixture points for added security.

WALL PARTITIONS

Providing discreet yet effective partitions is critical to companies opening up safely and securely. Our partitions can vary in size and support numerous types of graphics and materials. The partitions can be combined easily to suit changing environments.

- Hinges can be used for adaptable walls
- Profiles can be cut to custom sizes

WALL PARTITIONS

KEY FEATURE

Why not customize your isolation cabin. With T3 Systems, virtually any design can be created to best keep you and your customers safe.

KIOSKS & CABINS

These Isolation booths can be installed in a matter of minutes by a limited team. Our profiles take up very little space therefore you can maximize the number of cabins in one location.

- Numerous graphic types can be used. All of which can be cleaned and changed rapidly.

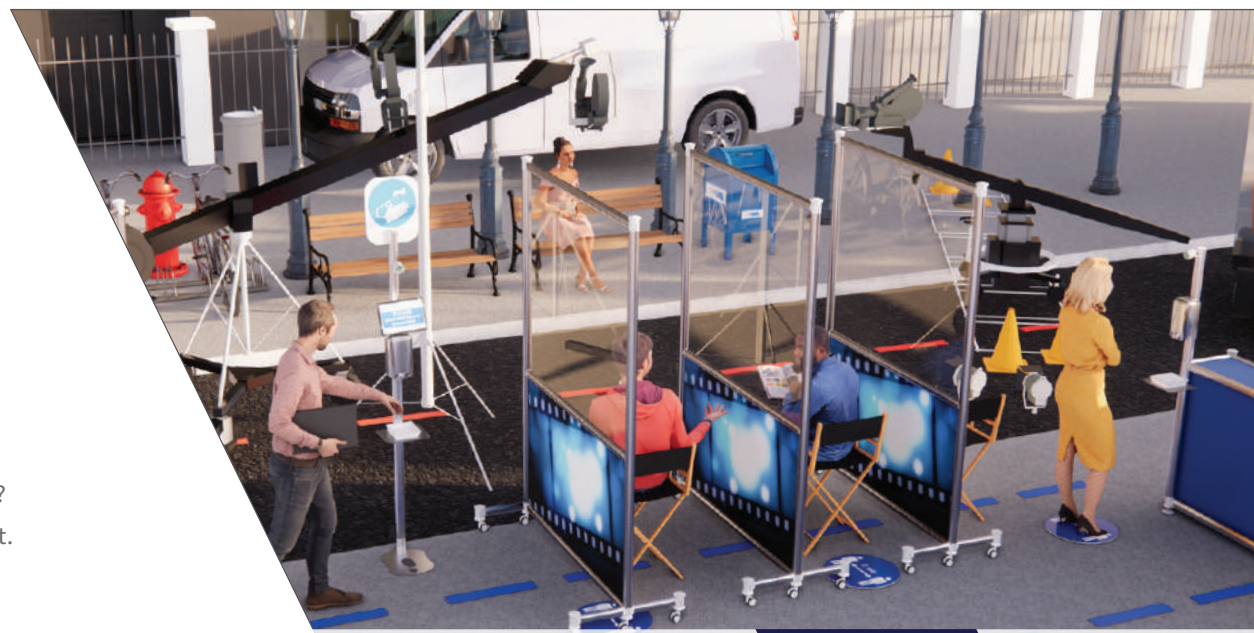

INFO

Why not add illumination to customize your isolation cabin?
From restaurants to hospitals T3Safeguard is here to protect.

KEY FEATURE

Why not customize your isolation cabin. With T3 Systems virtually any shape of design can be created to best keep you and customers safe.

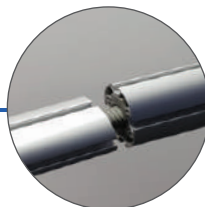

KIOSKS & CABINS

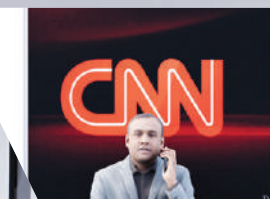

GREEN SCREENS

Working from home has now become the new norm for many. Why not provide a background that looks professional and does not infringe on your privacy? Be more confident and use T3 Greenscreens when working out of the office.

INFO

We offer a range of accessories including wheeled bags. Keep your T3 Safeguard Green screen as one kit.

GREEN SCREENS

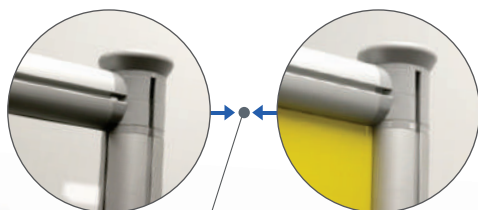

KEY FEATURE

T3 Affinity Green Screens set the stage for truly immersive broadcasting in a matter of seconds.

BARRIERS

Ensuring people keep their distance is fundamental to minimizing infection. T3Affinity is the ideal product for creating queue systems and low walling. The low walls can have numerous design upgrades including printed graphics with important information.
